Join us on Thursday 19th January for an American themed school dinner for the January census day.

If your child is eligible for Free School Meals and has school dinners, there isn't anything you need to do.

If your child is entitled to Free School Meals and usually brings a packed lunch, this day would be a great opportunity for your child to try school meals. You don't need to let the school know but we would encourage children to have a school meal on this day.

Having a school meal on this day not only provides opportunity to enjoy some of the favourite meal options but it also boosts funding for the school.
